

LEMANS, France, Sept. 30.—Lazare Weiller, the French aeroplane promoter, announced today that he had given an order to Wilbur Wright for the construction of fifty Wright aeroplanes. The amount of this contract is \$100,000 and Weiller is confident Wright can carry it out.

CHICAGO, Sept. 30.—Eighteen cents a head is the price that the Christian Commercial Travelers' Association, better known as the Gideons, is willing to pay for conversions under their new plan, of placing a Bible in every room of every hotel in the country. "If any man steals one of our Bibles from a hotel room, so much the better," said National

Secretary F. A. Garlick yesterday. "The Bibles will cost us 18 cents apiece. If any fellow wants to take one away with him he most likely wants to read it."

CENTRAL CITY, Colo., Sept. 30.—Chris Crevise, County Treasurer of Gilpin county, early today shot and mortally wounded Jennie Hicks, eight-year-old daughter of Mrs. Adie Hicks, his boarding mistress, and then committed suicide. Mrs. Hicks is hysterical. A quarrel with Mrs. Hicks caused the shooting.

IN JEALOUS RAGE SHOOTS DOWN AND KILLS HIS WIFE AND MOTHER-IN-LAW

CRIMES PUT JURORS SAY THUGS TO FLIGHT

PEDESTRIAN KNOCKED DOWN BY FOOTPADS

Calls for Help and Two Masked Highwaymen, Taking Fright Make Their Escape in the Darkness.

(Special to The Tribune.) SAN FRANCISCO, Sept. 30.—John McKenna, a wool packer of 3648 Seventeenth street, was held up by two masked thugs who knocked him down and attempted to rob him at the corner of Fifteenth and Guerrero streets shortly before midnight. His cries attracted the attention of several occupants of a saloon diagonally opposite the scene o' the encounter and the blowing of police whistles attracted the attention of Officer E. J.agan, who coming to the scene on the double quick, scared off the thugs, after they had administered a severe beating to their victim.

Agan pursued the fugitives, who ran into a lumber yard, some distance up the street, but after a search of a quarter of an hour, the officer was unable to locate them.

McKenna was sent to the Central Emergency hospital where Dr. Topliss found he had sustained several deep wounds on the head evidently inflicted by a blunt instrument, and a possible fracture of the skull.

FOUR MEN EXCUSED IN THE RUEF CASE

One Testifies That He Was Approached in His Story by Detective and Asked to Sign a Card.

(Special to The Tribune.) SAN FRANCISCO, Sept. 30.—Four jurors, John W. Smith of 340 Point Lobos avenue; John H. Munster of 1520 South Broderick; Albert Drucker, of 425 Fulton street and Richard Barker, of 413 Bartlett street, were excused in quick succession this morning during the trial of Abraham Ruef which is going on before Judge Lawyer in department 11 of the Superior Court.

All of the jurors, when questioned by Ach, stated that they had an opinion which they could not set aside and the challenge interposed by the defendant's attorney was not contested by Heney.

TALES MEN APPROACHED. John W. Smith stated that a man had come to his store and handed him a card which he desired him to sign. He did not know which side the man came from, but believes he was a detective. The longest examination was that of Richard Barker, who thought he might make a fair juror, although he admitted that he had on several occasions spoken about the so-called great defendants.

WANTED TO SEE THEM. He cited one instance in particular, when he was riding on a street car and met a missionary of his acquaintance, who was in the habit of working in the penitentiaries. He doesn't remember whether he was referring to Ruef in particular or not, but he says that he told her jocularly that if over any of the defendants were sent to San Quentin he wanted her to take him over there to see them.

Following Barker's discharge, Frank A. Bartlett, Francis A. Chaplin and Frank Koeng were called to the box.

U. S. Steamship Ashore in Storm

SAN FRANCISCO, Sept. 30.—The Merchants' Exchange has received a cable dispatch from Manila station that the United States steamer Tarlac was caught in a gale on September 23 and driven ashore on Borneongan Islands. It is thought the vessel will be a total loss.

SCIENTISTS AT TUBERCULOSIS CONGRESS EXPERIMENT UPON CHILDREN BY INOCULATION

Noted Men Add to Human Knowledge in World Movement to Check the White Plague.

WASHINGTON, Sept. 30.—Each of the seven sections of the Congress of Tuberculosis at the sessions of the National Museum today contributed much to knowledge through the discussion by renowned scientists of measures that promise success to the world movement against the ravages

of the disease. More than one hundred speakers were on the program of the several sections.

Great interest centered around the work of sections No. 1 and No. 7, of which Dr. Robert Koch, the German scientist and discoverer of the tubercle bacilli, actively participated. His address on the relations of human and bovine tuberculosis was perhaps the most notable of the day.

At today's session formal announcement was made of the inoculating of a number of children, charity patients at the Children's Hospital here, with bacilli of tuberculosis, human and bovine, and a culture of Koch's tubercle bacilli, actively participated. His address on the relations of human and bovine tuberculosis was perhaps the most notable of the day.

There is greater deception in the sale of baking powders than ever before. Closely observe the label and be certain of getting Royal.

EVERETT J. BROWN IS NOW JUDGE IN SUPERIOR COURT

Pretty Ceremonies Mark the Elevation of the Former District Attorney to the Ermine.

In the presence of the members of the bar of Alameda county and his many friends who filled the court room, Everett J. Brown was today sworn in as Judge of the superior court of this county. The ceremony, though brief, was impressive. Judge Selvyn, whom he succeeds, because of Melvin's appointment to the supreme bench, administered the oath of office. A few short addresses were made, and Brown took his place among the magistrates of the county.

Judge Ellsworth, as the Nestor of the bench opened the proceedings by announcing the occasion for which the court had met. Judges Waste, Harris and Ordern were sitting with him, as were also Judge Melvin, who swore Brown in, and Judge Wells of Contra Costa county and Judge Stanley Smith of Sierra county.

DELIVERS APPRENTMENT.

Judge Melvin delivered to Brown Governor Gillett's appointment to the office of judge. Before swearing him in he said:

"Ordinarily in performing a pleasant duty of this kind I feel like speaking a few words of adoration. But knowing you as I do, having watched your career for years, and recognizing the sterling qualities of manhood which have always actuated you, I feel that you need no adoration."

"With become now a member of the best bench in this State. You will have as your associates men who are known throughout the State as upright and just judges. I congratulate you on becoming a member of this family. You will have associates with you of whom you may feel justly proud. In leaving them, as I do now, I have much regret in parting from the judges with whom

Free Entertainments and Demonstrations Drawing Large Crowds Nightly.

As we grow older we grow wiser in a way that has led humanity down the corridors of the centuries, thus in every department of life. It is especially true with reference to the relation of man to nature. In being educated along that line, we have seen that man, never since the world began has his intelligence been reduced to such an extent as to make him a mere automaton. To see the evidence showed that Thomas had passed his location to James after the latter had already been dismissed, and that it seemed to him that he was inaccessory to the crime, which, according to the law of this State, makes him equally guilty. The dismantling of the wall made it necessary for the defendant to go to trial in Judge Dunn's court immediately after the Blake case is closed.

FIRE SWEEPS PART OF DAVID JACKS' RANCH

MONTEREY, Sept. 30.—Much damage has been done by a forest fire, which has been burning for several days in the hills back of this place. About one square mile of brush and snags timber on the ranch of David Jacks has been swept by flames, which, for a time threatened buildings on the place. A number of old oaks have been consumed, but the beautiful trees near Carmel-by-the-Sea, were saved by the fire fighters. The fire is now under control. The heat in this city is intense.

HUMAN FREAK'S BODY COVERED WITH SCARS

KANSAS CITY, Mo., Sept. 30.—With his body full of holes and scars, the result of many years of feats such as sticking pins, needles and sharp instruments through the face, neck and arms, and the swallowing of red hot glass, etc., and all manner of other deadly poisons, David Johnson, "human freak," and strong man, was found dead in bed in a rooming house in West Twelfth street last night. His physicians attribute his death to rupture of the heart. Johnson's home was at 1101 Eighteenth street, Erie, Pa.

POEM SAVES SLAYER OF WOMAN

LAWYER BRINGS TEARS TO JURYMEN'S EYES

Reads Cantos of Lord Byron's "Don Juan" and a Verdict of Not Guilty Is Brought in by the Jury.

CHICAGO, Sept. 30.—Charles from Lord Byron's famous story "Don Juan," read by an eloquent lawyer, resulted yesterday in the acquittal of Martin Schleifer, who had been on trial in Kenosha, Wis., for six days on a charge of shooting his wife, Minnie Schleifer, with intent to murder.

The defense of Schleifer, as announced in previous news, George W. Taylor and William Stewart, was to have the "unwritten law" that before the case itself was tried a special plea of insanity was made and the jury, after considering the matter for more than four hours, decided that Schleifer was insane when he shot the woman but that he had totally recovered his sanity. The jury held him not guilty.

MADE HIM INSANE.

Schleifer went on the stand and told of his wife's conduct with Herman Koehler, whom he had shot at the same time he shot the woman, or May 10 last. He declared his wife's actions made him a wanderer and that on each return to his home he found the house closed to him, with nothing to comfort him except his two little children. He said this had made him insane.

When the attorneys for the defense came to argue the case, Attorney Taylor gave all of his time to the discussion of the legal point and a technical discussion of emotional insanity. Attorney Taylor's argument was to the effect that the law was not a great aid to the evidence, but declared that Schleifer had been like the famous hero of Byron's poem.

BRUSH AWAY TEARS.

While the jurymen brushed the tears from their cheeks, Stewart, with great ringing tones, recited from "Don Juan" and compared the character of Lambro to "Don Juan" to the Kenosha man, and returned only to find his home and fireside wrecked and his children turned against him.

District Attorney E. V. Baker had made a bitter arraignment of Schleifer, but Stewart had reached the hearts of the jurors through the song of Byron and they were visibly inclined to his vision of the wronged Schleifer.

Schleifer is charged also with shooting Koehler, and after the verdict the court remanded him to jail for trial, but reduced the bail from \$6,000 to \$200.

Schleifer was formerly a prominent resident of Rochester, N. Y.

FRUITVALE INVENTOR

(Continued From Page 1.)

aeroplane principle, when in forward motion.

LIFTING POWER.

At each end of the frame there is a specially designed two-bladed propeller, which is capable of being moved through an angle of 90 degrees, or from a horizontal or lifting position to a vertical or driving position, or back to a horizontal position while in motion. These propellers are attached to the same shaft and operate as a unit, being controlled by one lever.

The operating platform which carries seventy-five per cent of the entire weight of the motor, is located well below the planes, so that the center of gravity is low and the stability of the motor, when in flight, is assured. A fifty-horsepower eight-cylinder, water cooled engine of a special design will be used and the power transmitted to the propellers through hollow steel shafting, or gears, and ball-bearing journals. The flight of the motor is controlled by a double elliptical rudder placed in front of the motor and operated by a lever on the operating platform.

CAN SUSTAIN HEAVY WEIGHT.

The propellers are of a special design and construction, and by actual test are capable of lifting a dead weight of 830 pounds each, or a total of 1660 pounds, when in horizontal or lifting position, and require, by actual test, nineteen and one-half horsepower each, or a total of thirty-nine horsepower.

The power is required to drive the propellers, which is the product of the weight of the motor, is located well below the planes, so that the center of gravity is low and the stability of the motor, when in flight, is assured. A fifty-horsepower eight-cylinder, water cooled engine of a special design will be used and the power transmitted to the propellers through hollow steel shafting, or gears, and ball-bearing journals. The flight of the motor is controlled by a double elliptical rudder placed in front of the motor and operated by a lever on the operating platform.

CAN RISE LIKE BIRD.

Through the combination of the helicopter and aeroplane types, the United States motor, according to English, is capable of rising into the air from a comparatively confined space without the use of prepared surfaces or launching devices so necessary for the purely aeroplane types. The same advantages are also apparent on a descent of the machine.

The Helicopter or Helioplane permits of a vertical ascent until soaring height is reached, then the motor, working in unison, is deflected from the horizontal or lifting position to the vertical or propelling position and the motor is then in forward motion, soaring on the planes or supporting surfaces by reason of the driving power imparted by the propellers, one pulling and the other pushing or driving, and which are always in motion, whether lifting or driving. The motor is then soaring under the same conditions as the aeroplane.

MAKING THE DESCENT.

When a descent is desired upon the propellers are to be gradually deflected from the vertical or driving position to a horizontal or lifting position and the power furnished by the propellers diverted from propelling the motor to lifting or sustaining it, as when the forward motion ceases the motor instead of flying or soaring on the plane, is being sustained in the air by the lifting power of the propellers, which are now in a horizontal or driving position.

"Texas," the newest of ranch plays, will hold the boards at the Mardonough Theater. The play is an excellent one, the plot being interesting and the music tuneful. The matinee this afternoon was well attended and the afternoon sale of seats for tonight is encouraging.

"Texas," the newest of ranch plays, will hold the boards at the Mardonough Theater on October 1, 2 and 3.

This play comes to Oakland with a record of success, and local theatergoers are unanimous in their opinion that it is a good play and that it will be a success here.

FIREMAN IS KILLED IN BLAZE

FLAMES CAUSE LOSS OF \$200,000 IN TEXAS

Entire Floor of Structure Collapses and Ladders Are Crushed Beneath it--Several Narrow Escapes.

DALLAS, Texas, Sept. 30—Caused the death of Fireman Partin, the \$8,000 injury of his friend, and a property loss of \$200,000 in the heart of the business district here last night, after the floor was discovered second floor of the building by H. J. Blenney, to the west establishment of L. Craddock wholesale liquor dealers on Elm Street, sent a shower of fire through the building and shook it to its foundations.

The fire spread to the furniture room of William Kelly and the Parry Electrical Company rooms.

When the firemen had crowded around the Craddock building in order to put out the blaze in the heart of the city, the entire second floor collapsed, the weight of the building.

There will be no official attendants and after the ceremony, to which only the relatives and nearest friends will be invited, the young couple will leave for a honeymoon trip through the southern part of the State. The future home of Mr. and Mrs. Butler will be in Portland.

NO PERCENTAGE GAMBLE CAN BE BEATEN, SAYS LOSER OF \$50,000

(Special to THE TRIBUNE.)

SAN FRANCISCO, Sept. 30—Rapid progress is being made in the securing of a jury to try E. A. S. Blake for the alleged attempt to bribe John Martin Kelly, a prominent attorney, and Robert Miller, a prominent banker, on Elm Street, between 16th and 17th streets, where the building was gutted yesterday morning.

Charles Haggerty, Blake's attorney, has been subpoenaed as a witness in the case, and this morning when he appeared in court the bailiff, Thomas J. Kelly, endeavored to force him to withdraw. Haggerty, however, in the language of the court, "fought like a mule" and refused to give in.

The trial will be held on October 1, and the jury will be selected on October 2.

John Martin Kelly, Blake's attorney, has been subpoenaed to appear in court to give testimony in the case.

RECEPTION

Gore of Oklahoma Opens
Campaign for the Demo-
crats in San Francisco.

Telegrams to General Stone
Indicate That Doliver Will
Be Sent West.

SAN FRANCISCO, Sept. 30.—The Democratic State Central Committee has been in correspondence with the National Campaign Committee for the past two weeks with view to securing for San Francisco and California during the current campaign, one of the leading orators of the nation. Telegrams received yesterday by General George Stone, chairman of the California campaign committee, hold out encouragement that United States Senator Thomas P. Gore, blind Senator from the 1st State admitted into the Union, will be a most successful entertainer, holding a large audience for more than two hours by his presentation of campaign issues interspersed with a prolific fund of funny stories.

AUDIENCE ENTHUSIASTIC.
The audience was enormous in its applause throughout the evening. The first outburst was caused by the placing of the silk banner that contains a portrait of the "Peerless One" in its silk folds, and which the delegates to the National Convention had borne. It did not go to the last in its generous applause when Senator Gore entered, accompanied or escorted by Sydney M. Van Wyck, Judge James V. Coffey, Congressional nominees James G. Maguire and George A. Tracy, Justice Wardell Thomas, E. H. Holt, Frank J. Gould and numerous other Democrats gathered to honor the visitor.

VAN WYCK PRESIDES.
Sydney M. Van Wyck presided and referred to Bryan in his preliminary speech as a sign of prolonged applause by the audience which arose to applaud for the demonstrative and laudatory speeches of the speakers gave further opportunity for applause.

The blind Senator had removed the goggles from his eyes before stepping to the front of the platform and a smile of satisfaction passed over his face features as he expressed gratification at the most cordial and unanimous welcome given him. In addition to his tendency to story telling the Senator from Oklahoma abounded in eloquence and began with "The people of the East come to the West for their gold and their grain while the people of the West go down into the East for their gold and their grain." President Bryan continued with his speech.

Continuing the speaker said: "But this year we propose to throw up a full grown President from the West into the East." Suggesting that there were undoubtedly few Republicans in the audience, the blind Senator proceeded: "If there is anything like it in a few Republicans, just a few," (Laughter.)

As the speaker proceeded the warmth of the night seemed to cause him to unbutton his white vest and display a colored Negligee shirt with standing collar.

TAFT'S RECOMMENDATION.
Among the subjects treated by the speaker were injunctions, arbitration and guaranteed bank deposits. In concluding he declared: "The star of Democracy is again in the ascendent and on the fourth of November victory will light on our standard." A reference to Bryan caused more applause, the audience standing while the band played "Hail Columbia."

James G. Maguire and George A. Tracy nominees for Congress were introduced and the audience dispersed.

Congressman McKinlay is making a canvass in Modoc county.

TAFT PRAISES BRYAN
IN TOUR OF NEBRASKA

Republican Candidate in Speeches Through Opponent's Home State Pays Compliment to Democratic Leader.

WAYNE, Neb., Sept. 30.—Judge William H. Taft today began the second week of his campaign through the North and West in an attempt to win the favor of his chief opponent, William J. Bryan. This afternoon and evening, Sept. 30, devoted by the Orator to a lecture at Lincoln's home town Lincoln where Mr. Taft will make his speeches.

The Taft party will remain a night at Lincoln leaving for the West at 7 o'clock tomorrow morning.

In the series of short speeches before Lincoln, he touched upon the subject of the making of the U.S. Constitution, the greatness of the Nebraska and the undoubted state pride in him.

The first speech of the day I met on the occasion of the temper of these speeches.

My voice is not quite in condition to enable me to take the comic in my voice once took before in the "old gentleman of the law." I first in tend to discuss the law then I shall take up the fact and then I shall end.

MORE DEFEATS TO COME

I hope and believe that the third week I will continue to let these battles to defeat but nevertheless I am here to inform that you're going to ride in him.

It is very encouraging to come into the State of the distinguished opponent in whom a man similar in his publicism still strong still vibrant with loyalty to the country and still insist that Nebraska shall have her place in the public life.

The temper of the crowd which we three was good and hearty and the bands were found all along the line.

BRYAN AGAIN SENDS REPLY TO
ROOSEVELT AND DENIES ALL
KNOWLEDGE OF TRUST SUPPORT

"I Have Lived in Vain if Your Accusations Lose Me a Single Friend," Writes Democratic Candidate to President.

ROCK ISLAND, Ill., Sept. 30.—I have lived in vain if your accusations lose me a single friend," said W. J. Bryan in a letter addressed to President Roosevelt replying to the president's written Sunday last. Mr. Bryan points to his record and declares that it is a sufficient answer to the insinuations of the Chicago Tribune that he is sympathetic or controlled by the trusts.

The letter follows:

WHY VOTED IT DOWN?

You charge in effect that the people are so lacking in intelligence that they might contribute to my corrupt contributions which you say I made to the people. Let me differ with you on the question of this, as especially ignorant as I am. Most of the members of the party organize the act as self-sacrifice, I guess, than of the people among them. I am not going to go into the details of the act, but I am inclined to believe that the people intended to do the purpose and intent of the act.

It is this very explanation of the action of the Republican lead in the election that I am going to vote down a public

WILL TRUST VOTERS.

"I am willing all you charged against me to be submitted to the voters of the country, and with our house, submit my denial of any knowledge that could in the remotest way connect me with any trust monopoly, or any trust or corporation. My vote is a sufficient answer to your insinuation. I have lived in vain if your accusations lose me a single friend, and I guess that the people will make against another without investigation.

NO MISREPRESENTATION.
I am afraid that no would misrepresent the motives of those who are contributing to the Republican campaign for me and in giving support upon Republican principles. If any name of names were made known before the election, your statement I would want presented publicly after the election for why you would not accept the nomination of the Democratic National Convention.

I am not going to say that you are influenced by the organization of the trusts, but I am inclined to you the question of the result of the election cannot tell us what kind of a man he is.

Continuing the speaker said: "In

my first letter to you I presented

the case of Governor Haskell could be justly

contested as connecting the Democratic party or me as its candidate with any

of general notoriety and I asked you why

Mr. Roosevelt did not mention him in his speech.

I am inclined to you the question of the result of the election cannot tell us what kind of a man he is.

Continuing the speaker said:

"But this year we propose to throw up a full grown President from the West into the East."

Suggesting that there were undoubtedly few Republicans in the audience, the blind Senator proceeded: "If there is anything like it in a few Republicans, just a few," (Laughter.)

As the speaker proceeded the warmth of the night seemed to cause him to unbutton his white vest and display a colored Negligee shirt with standing collar.

AMONG THE SUBJECTS TREATED BY THE SPEAKER WERE INJUNCTIONS, ARBITRATION AND GUARANTEED BANK DEPOSITS.

Continuing he declared: "The star of Democracy is again in the ascendent and on the fourth of November victory will light on our standard." A reference to Bryan caused more applause, the audience standing while the band played "Hail Columbia."

James G. Maguire and George A. Tracy nominees for Congress were introduced and the audience dispersed.

YOU'LL see some very stylish Overcoats worn in this town this Fall, and the smartest, nappiest, dressiest of them all will come from this store.

Hart, Schaffner & Marx

fine Overcoats are better than ever this season; there's no danger that you'll get cheap, cotton mixtures when you get that name in a garment; these goods are absolutely and always all-wool.

We'd like to have you see some of our fin Overcoats and Suits and try some of them on. It won't cost you anything to see them; and you'll make money if you buy.

This store is the home of Hart Schaffner and Marx clothes

HOMES DESTROYED
IN \$25,000 FIRE

Gasoline Explosion Causes Big
Blaze in Thickly Settled
Residence District.

The explosion of a can of gasoline in a French laundry owned by Boyson & Foster at 552 Sycamore street, last night, resulted in a fire which caused damage to the amount of \$25,000. The laundry was totally destroyed and the building is occupied by the residence of C. E. Marple, principal of the Oakland Central Night School. Mrs. Marple succeeded, with the assistance of neighbors, in saving her household goods.

The residence of F. A. Snidell at 554 Sycamore street was destroyed. The damage to the laundry is estimated at \$1,000, and the loss of other property brings the total up to \$25,000.

Spontaneous combustion in oil caused a fire at 1 o'clock last night in a shed in the rear of the Avenue Studios at Twenty-fourth street and Telegraph avenue. The fire was confined to the shed.

TEA

How has so dainty a drink as tea gone over the world so far, and made friends so many?

TROOPS ARE BUSY IN CAMP

REGULARS HAVE ALL REACHED ATASCADERO

Scarcity of Officers Is One of the Notable Conditions--Artillery Has Already Begun Its Maneuvers.

CAMP ATASCADERO, Cal., Sept. 30.—Following the arrival here yesterday of all the regulars who will participate in the joint maneuvers with the militia next week, muster and inspection by companies, batteries, battalions and regiments of the troops in camp was the order of the day. The men were lined up by companies and their clothing, tents and company kitchens thoroughly inspected, first, by their captain, then by the battalion commanders and lastly by the regimental commanders. Although some of the soldiers had been away less than twenty-four hours, the men and their quarters were models of cleanliness and neatness.

JACK ASS BATTERY.

The "jack ass battery" of six machine guns of the Twentieth Infantry, under Captain John H. Parker, maneuvered and practiced for an hour during the morning in the large open valley in front of the headquarters of Colonel Marion P. Maus, the commander-in-chief. The guns were unloaded from the backs of the mules, which transport them, mounted on their stands, trained, and at the word of command, unmounted and reloaded on the mules with remarkable quickness.

That there is a scarcity of officers in the lower ranks in some of the organizations in camp is quite apparent and is generally admitted by some officers. In some of the companies there is but one company officer, instead of three while in other instances captains are acting as battalion chiefs. This not only is the condition among the troops in camp here, but is said by officers to be general throughout the army.

WIRELESS EXPERIMENTS.

This afternoon Lieutenant Paul W. Koch, chief signal officer, will make some interesting experiments with the latest portable wireless telegraph outfit furnished him for the purpose. It is expected the wireless system will be used in the coming battle maneuvers, which will extend over hills and valleys for fifteen miles.

KINDERGARTENS TO HOLD BIG FETE

Annual Affair at Idora Park Promises to Be Gala One--Baby Show to Be Feature.

The Association's Kindergartens of this city will hold their annual fete at Idora Park Saturday, October 3. A new feature, which will be introduced this year, will be the baby show, for which all babies between the ages of one and three in Alameda, Alameda and Berkeley are eligible.

There will be eight handsome prizes given to the eight prize babies. Mothers may register the children's names at a booth which will be located near the entrance gate on Telegraph avenue.

MYSTERY BOOTH.

The Kindergartens to be benefited are the North Oakland West Oakland, Good Will and Central Free Kindergartens.

The ladies of the North Oakland Kindergartens will have charge of the Punch and Judy, pony-trot, mystery booth and sandwich box. They are Mrs. Anna L. Purcell, Mrs. W. W. Loveloy, Mrs. E. C. Gilbert, Miss Genieve Chambers, Miss Irma Chase, Miss Margaret Taylor, Miss Evelyn Brown and Mrs. Edwin A. Johnson.

The Good Will Day Nursery will have charge of the ice cream cones and candies for sale. Those who are working for the booth are: Mrs. Thomas Crallin, Mr. E. B. Boel, Mrs. T. C. Coogan, Mrs. George H. Wharton, Mrs. E. M. Walsh, Mrs. A. T. Eastland, Mrs. D. B. Estenbeck, Mrs. D. R. Tae, Mrs. Charles O. Brown, Mrs. J. W. T. Pendleton, Mrs. Mrs. W. J. Veltch, Mrs. W. L. Orlow, Mrs. E. B. Stone, Mrs. W. S. Goodell, Mrs. G. W. McNear and Mrs. Fred Hartman.

The ladies of the West Oakland Kindergartens, who will have charge of the ice cream and the sandwich boxes, are Mrs. Grace Linden, Mrs. E. C. Parham, Mrs. George H. Wharton, Mrs. W. G. Moore, Mrs. D. H. Maties, Mrs. Harry W. Meekins, Mrs. Franklin Lang, Mrs. Henry Walworth, Mrs. Charles H. Houghton, Mrs. Mary Morris, Mrs. Edgar Stone, Mrs. Walter Bishop, Mrs. F. E. Weston, Mrs. N. A. Achter, Mrs. J. T. Wright and Mrs. W. H. Hall.

LARGE ATTENDANCE.

A large attendance is anticipated as the arrangements are well made.

The directors have felt the structure of the times and are looking forward to the success of the fete to be received from the proceeds of the fete.

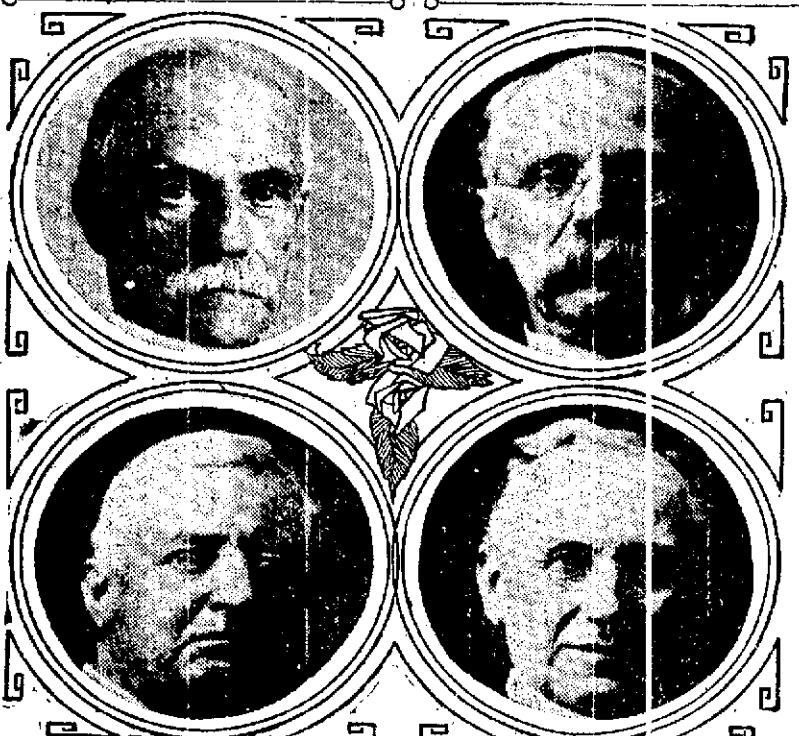

ARRESTING THE PURE FOOD LAW VIOLATORS.

Violations which we issued for the arrest of whole salers and retail dealers in meat, bacon, ham and other cured meats before served this afternoon. In each case the bill is fixed at \$100, which is promptly forthcoming. The accused merchants will appear in the police court tomorrow for a hearing.

SCIENTIFIC TREATMENT IS RECOMMENDED FOR INSANE

Authorities Say Antiquated Methods Should Be relegated to Rear

"The public must be educated to realize that our hospitals are no longer prisons or mere detention places to lock up and guard the unfortunate insane. The modern method of today places hospitals for the insane on a footing with the general hospitals of the land. The man or woman mentally effected is as much entitled to scientific care and treatment as the individual who is admitted to the general hospital suffering from pneumonia or some other organic disease," said Dr. Elmer Stone, superintendent of the Napa State hospital, yesterday afternoon in Chabot hall, before the California conference of corrections and charities.

"Not many years ago," declared Dr. Stone, "it was customary to bind the patient down to a bed or chain them up, or put them into dark padded cells—such treatment today would be considered barbarous. Modern treatment calls for as little restraint as possible; to give the patient more freedom and not antagonize.

In speaking of the modern plan of construction for the treatment of the insane Dr. Stone said:

SOCIETY'S DUTY.

"We must not expect a prison to do everything for a prisoner. That ought to be done by society before he is sent there.

"No prison system can be a success which is not reformatory and corrective rather than punitive. This is as necessary for the protection of society as for the good of the prisoner.

INDUSTRY LACKING.

Robert T. Devlin of San Francisco chose for his subject "Do We Need a State Reformatory?" He said: "The difficulty with the prisoners is that they lack thrift and industry. They had not learned in their youth to do what other people do. They think they are exempt from all the burdens of life."

"The basic idea of a reformatory is to try to give men practical education and allow them to reform themselves by their own efforts like the ordinary citizen who earns his living."

Associate Justice of the Supreme Court Henry A. Melvin spoke upon the proceedings in commitment of the insane. He said:

"The absurdity of the law in a jury trial in insane cases was manifest when two physicians had passed a verdict in an insane case and twelve jurors composed of laymen reversed the decision. If we are to have jury trials in insane cases they should be had in the first instances and not after physicians have rendered a verdict.

"We need more of the physician and less of the law for the treatment of the insane."

DR. ROBERTSON TALKS.

Dr. John W. Robertson of Livermore Sanitorium spoke upon "The Treatment and Care of the Insane."

"Especially in California is insanity prominent before the public. There are more insane people in California in proportion to its population than any other State owing to extraneous matters. They are cared for by the State and they should not be left to the tender mercy of ignorant people. By no means has perfection in the care of the insane been reached.

"In the crowded rooms of the Napa asylum tuberculosis is incurred and the patients do not stand a chance to recover. They may as well be sent to San Quentin as to Napa. The insane patients should be cared for like children. There is no danger among them. Insanity is as curable as any serious disease."

"It would be money in the pocket of the State to separate the curable from the incurable. Treat them as patients, not as demons. Our whole system is wrong. It seems a damnable thing to treat insanity as a crime."

Dr. John W. Robertson, superintendent of State hospitals for insane, stated that more room was needed in Napa. He also recommended that more nurses be installed in the institution for the good of the patients.

Dr. Leonard Stocking, superintendent of Agnews State Hospital, displayed plans for the new asylum at Agnews. The houses will be built in the form of cottages.

DR. BARROWS' ADDRESS.

Dr. Samuel Barrows of New York City addressed the conference last night upon "Prison Reforms." He said:

"We are coping with medieval methods with the criminals today. Our penology methods are survivals of old custom and ought to go into ru-

DIFFICULT TO GET JURY

NO TALESSEMEN IN THE MARTIN TRIAL AS YET

Will Probably Take Ten Days to Fill Box and Weeks to Try the Case—Large Variety of Excuses Offered.

The matter of getting jurors to try Mrs. Isabella J. Martin on the charge of dynamiting the home of Superior Judge Ogden will probably take ten days, and the trial of testimony will take several weeks. Every step in the case will be fought bitterly, both by Assistant District Attorney Hynes and Mrs. Martin's attorneys, A. C. Frick and B. J. Wyman.

Not a juror has been secured yet, although the examination of talesmen has occupied a day in Judge Wyman's court of inquiry. The boy, picked by the jury box yesterday morning for examination as to their qualifications, eight have been excused for cause. The examination of each man takes about two hours.

ONE PASSED.

The following have been examined and passed temporarily, subject to peremptory challenge from the prosecution or defense:

Rev. Dr. Jones, pastor of New West Union Church. Sister S. Simon was examined and passed this morning by Hynes, and is now being examined by Frick and Wyman.

Most of those excused so far have pleaded ill health. Both sides have consented to their being excused. It seems likely that another special venire will have to be summoned. Joseph D. Vankert, who was named to summon the talesmen, has been called by Wyman.

George John Hedges, Sheriff, and Coronor Thaddeus were disallowed and excused seventy-five men Sunday, but this will probably not be enough.

"Baby John" Martin, the putative son of Mrs. Martin, was brought to Oakland from Weaverville today by District Attorney Hall of Trinity County. He is now in the custody of the Oakland police.

Examination "Baby John" made his guilty confessions several months ago he has been in normal custody. His testimony is the strongest thing against the defendant, and although he has been free to go to school, he has had to report regularly.

"Baby John" has told a story of a horrible nature concerning the woman who has been passing him as his mother. He said he held him under a state of terror that he obeyed without question her commands to commit crime. Acting under her orders, he declared, he blew up the home of Judge Ogden on March 17, 1900.

Examination "Baby John" made his guilty confessions several months ago he has been in normal custody. His testimony is the strongest thing against the defendant, and although he has been free to go to school, he has had to report regularly.

He said he held him under a state of terror that he obeyed without question her commands to commit crime. Acting under her orders, he declared, he blew up the home of Judge Ogden on March 17, 1900.

George C. Turner of San Francisco, introduced a resolution to the effect that prison statistics be gathered by a committee of three for future reference.

DELINQUENTS MAY REFORM.

Dr. Cushing of San Francisco participated in the discussion. He was of the opinion that the prisoner was like the man who made mistakes and could be reformed.

Christopher Russ, probation officer of Alameda county, recommended an adult reformatory for the protection of offenders.

"Not many years ago," declared Dr. Stone, "it was customary to bind the patient down to a bed or chain them up, or put them into dark padded cells—such treatment today would be considered barbarous. Modern treatment calls for as little restraint as possible; to give the patient more freedom and not antagonize.

In speaking of the modern plan of construction for the treatment of the insane Dr. Stone said:

Judge Dunne Right This Time.

The following is an extract from the report of yesterday's proceedings in the trial of E. A. S. Blake, indicted on a charge of attempting to bribe a venireman in the Ruef case:

"After the jury-box had been filled Attorney Lindsey proceeded to tell the veniremen that it is all right to approach prospective jurors to see how they feel on the matter. 'You know, that was decided recently by Judge Lawlor,' he said, 'in the Ruef case.'

"It has not been decided by this Court," remarked Judge Dunne, "and if any one is found interviewing jurors in this case he will be sent to jail."

It is a pity Judge Lawlor did not follow the rule laid down by Judge Dunne, who in this matter is unquestionably right. While every man charged with crime should be prosecuted vigorously and all legitimate means employed to bring the guilty to punishment, trick and device and tampering with prospective jurors cannot be countenanced if the law is to be held in respect by the public and trials conducted impartially. Blake is being tried for offering, as is alleged by the prosecution, a bribe to a venireman likely to be summoned as a talesman in the Ruef trial. If guilty, he should be punished to the full extent of the law, and so should every man who tries to influence jurymen, whether by bribes, persuasion or coercion. The practice of "trying out" and cunningly prejudicing prospective jurors should be summarily stopped, and will be if the rule announced yesterday by Judge Dunne is adhered to by other Judges.

The scandalous business would have ended long ago if Judge Lawlor had sent every person engaged in it to jail, as Judge Dunne threatens to do. But it is to be observed that Judge Dunne's severity, like Judge Lawlor's indulgence to the prosecution, is directed solely at the defense. However, the rule the Judge lays down is correct and cannot be questioned on the ground of motive.

Hughes and Taft in New York.

While three and four to one are the odds that Taft will carry the State, the betting on Governor in New York is even. If this proves anything it proves that Taft is stronger than Hughes is in his own State, and it also sustains the contention of Woodruff, Barnes and other organization leaders that the Governor is a weak candidate. It has been assumed by the press that everybody opposed to Hughes is in sympathy with racetrack gambling. Nothing could be further from the truth or more unjust to an immense body of citizens, who are dissatisfied with the New York executive for entirely different reasons. The supporters of Governor Hughes have endeavored to make the racetrack bill the dominant if not the exclusive issue in the campaign, but they have signally failed. Suppressing the race-tracks was only an incident, and is so regarded by the mass of New York voters. Governor Hughes is regarded with disfavor by all the liberal elements of society, the vast majority of whom do not bet on or attend horse races, and who take no interest in that sport; if they are not actively opposed to the present method of conducting it. The Governor is the idol of the extreme Sabbatarians, who desire to restrict amusements and all secular activities on Sunday. He is himself a man of austere views, more in sympathy with the Puritanism of rural New England than with the prevailing sentiment in New York, and hence is regarded with distrust by practically all the population of foreign birth or immediate foreign extraction. They are afraid he will try to close everything up on Sundays, shut off beer at Sunday picnics, and in other ways restrict personal liberty. There is no such feeling in regard to Taft, who is particularly strong with the Germans. If the betting is any indication of how the vote will be in November, there is a likelihood that Hughes may be defeated, while Taft will carry New York by a big majority.

If the Stockton Record were not so superlatively honest it might invite a suspicion of unfairness by using the forged Cleveland article, first printed in the New York Times, as genuine and authenticated. Surely the Record ought to know that the Times has acknowledged the article to be spurious and that its real author, Broughton Brandenburg, has been compelled to publicly announce that he forged the article and sold it to the Times by false representations.

Judge Taft's cause is a righteous and decent one and cannot be advanced by circulating a forged endorsement from a deceased Democrat. Respect for the dead as well as for the living forbids the use of this base campaign material.

Every day some prominent Democrat announces his intention to vote for Taft, but no Republicans of note are going over to Bryan. This fact carries its own suggestion. It shows that men of affairs, leaders in their respective communities, are uniting on Taft as the ideal man of the hour. And he is. Strong, able, calm, experienced and well-poised, he commands confidence and respect. His personality is an assurance of firm and equitable rule during the next four years. That is why the thinking, solid men of all parties are gravitating to his standard.

"You lie!" shouts Heney to the opposing counsel in the Ruef trial, and Judge Lawlor gently chides the said opposing counsel for angering Heney. If Judge Lawlor would send the pair of them to jail every time they offend the dignity of the court and transgress the rules of orderly behavior during a judicial hearing, the case would proceed much more expeditiously and without the perpetual wrangling, blustering, personal animadversions and gutter fight talk that is making the trial a farcical and shameful travesty of judicial administration.

Herman Ridder, the new treasurer of the Democratic National Committee, is having his troubles also. The National Federation of Labor has called him to account for alleged hostility to union labor. Ridder is publisher of the New York Staats Zeitung, which is not held in favor by the Typographical Union. We do not know just what the grievance is, but the printers are sufficiently sore to protest against Ridder handling the Democratic campaign fund.

As Bryan has abandoned the main issue in his controversy with the President to defend the integrity of his motives, the debate might as well be dropped. The President has formulated as accusations inferences which are justifiable in a way, but which can neither be proved or disproved, while Bryan falls back on a plaintive reiteration of his own honesty. His last letter reads very much like a whine. It dismisses the facts in controversy to take up his own conscience for review. In the nature of things, Bryan is his own

witness and cannot be disputed save by setting appearances, deductions, inferences relating to established facts against assertions. Debate along such lines is unprofitable and inconclusive, and hence a waste of time.

The settlement of the water front controversy will deprive some noisy patriots of their chief stock-in-trade. For many years it has been the practice to raise the cry of "Save the water front!" as a last-ditch device to fire the popular heart. With the city's title secure and undisputed this shibboleth will have to be abandoned for some new catch word.

The man who votes for money paid in hand is regarded as a dirty scoundrel, but the citizen who casts his ballot to serve his business interests is held up to view as a wise and honorable person. Consistency is not much sought after in politics, we are sorry to say.

The chap that comes over to us from the other side is hailed as a patriot and an honest man; the fellow that goes over to the enemy is denounced as a traitor and a crook. "Twas ever thus.

Bryan seems determined to have the last word. But he was always that way. Which is one of the reasons why he will never be President and rarely be right.

Mr. Bryan can now explain how it feels to be run over by a steam roller.

A BOURBON KICKS APOSTATES

Editor TRIBUNE: It is announced in the public press that three prominent gentlemen hitherto conspicuous in Democratic circles in California, have severed their connections with that historical organization, and are now flying their sky-rockets and marching under the colors of their recent enemy.

One of these gentlemen, and probably the one who in the past has been most in evidence on the stump during campaigns, gives to the public as his principal reason for his somersault a letter alleged to have been written by the late lamented Grover Cleveland, published after the demise of that distinguished gentleman, which is now admitted to be a forgery.

Possibly this gentleman, having been persuaded by a post mortem letter to change his political faith and opinions may retract the step when he finds he was induced to take it under false pretenses.

"A DEMOCRAT."

POINTED PARAGRAPHS

His Satanic majesty finds flirting for little girls to do.

Beware of a suspicious man; he's apt to judge others by himself.

Take with a grain of salt what a man says about his side of the case.

Many an operation is due to the fact that the doctor needs the money.

The greatness that is thrust upon a man is apt to annoy his neighbors.

And a married woman is always harping on the fact that she earns more than she gets.

We all make mistakes, but there is

REFLECTIONS OF A BACHELOR

The only good husband is when he has a widow.

When a man likes to eat hash he eats about other things, too.

A man who smokes doesn't realize that when he kisses a girl about all she gets out of it is a taste like the scum of a cigar.

A woman can never understand how wearing some of the baby's hair in her watch chain locket doesn't keep her husband from catching cold.

Ever notice how much easier it is to get up early in the morning when you do not have to go to work?

It sometimes happens that a man tells the truth because he is unable to think of an appropriate substitute on the spur of the moment.

He can believe every word an honest gambler tells you—but the difficult lies in finding one.

How a man does hate to be called up by a woman when he is repeating a choice bit of gossip.

Ever notice how much easier it is to get up early in the morning when you do not have to go to work?

SOCIETY SMART SET

TWO CHURCH WEDDINGS AND A HOME EVENT INTEREST SOCIETY FOLKS TODAY

OAKLAND CLUB MEMBERS ENJOY THE FIRST MUSICAL PROGRAM OF THE SEASON

The Oakland Club entertained its members with an exceedingly well rendered musicalie this afternoon. The spacious rooms were filled to the seating capacity with the members of the club and their invited guests. The program, which was arranged by Mrs. William Waldeck Biers, included the following numbers: "Singing of You" ("There, Little Girl, Don't Cry" (H. Gilbert), "Maturity" (Alice Hilton), and "Philosophy" (Davis Emmell), sung by her; and the following readings were given by Miss Bradley: "A Tale" (Browning), "Ben Hafiz Votexin" (Savage), and "Going Back to Grandpa."

Miss Bradley is widely known for her work in the cities about the bay. She is connected with the faculty of Mills college.

Mrs. Biers is an Oakland girl who has met with success in her music. During the summer she has been studying with Mrs. Beatrice Priest Fine.

Miss Beth Johnstone was the accompanist for the day. Mrs. A. W. Baker, who was the chairman of the reception committee, was assisted in her gracious duties by Mrs. Henry Alexander, Dr. C. S. Aldrich, Mrs. J. Allen, Mrs. L. F. Almy, Mrs. F. D. Ames, Mrs. G. W. Arper, Mrs. E. Bahls, Mrs. Herman Bahls, Mrs. C. F. Baker, Mrs. C. S. Barnard, Mrs. E. R. Barstow, Mrs. E. J. Burrows, Mrs. E. J. Bartholomew, Mrs. J. W. Bassford, Mrs. N. J. Baum, Mrs. E. A. Boardley, Mrs. W. M. Beckwith, Mrs. Herbert Bemis, Mrs. I. A. Beretta, Mrs. G. L. Blair, Mrs. V. A. Boell, Mrs. C. S. Booth, Mrs. A. Bolland, Mrs. David Bostree, Mrs. M. Brightman, Mrs. M. L. Broadwell, Mrs. N. J. Brown, Mrs. H. P. Brown, Mrs. J. C. Bruguerre, Mrs. F. E. Buckley and Mrs. G. W. Bunnell.

LADIES ENTERTAIN KNIGHTS. Mrs. Carrie E. Hall, daughter of the Rev. and Mrs. Burroughs of Thirty-fourth street, entertained the "Ladies of the Round Table" and their attendant knights, last Friday evening.

This is the first meeting at which the gentlemen were entertained. A very enjoyable program was given by Mrs. Duncan A. MacDonald, Miss Husted, Leslie Ziegler and Mrs. Julius Josephs, consisting of readings, piano numbers and songs. After the program, Mrs. Hall held an auction which provoked much merriment. Each guest was presented with a dainty bag, containing beans, with which to purchase the articles auctioned. "The Skil-Lifter" created a very lively bidding and when opened proved to be a small rubber mouse. Other articles proved quite as amusing.

The evening's amusement concluded with a ball game between Stanford and Berkeley, the prizes being won by Mrs. Gutches, Mr. Edwards and Mr. Ziegler.

A dainty supper concluded the evening's festivities. The guests were Mr. and Mrs. West, Mrs. Mathews, Miss Dooley, Roy White, Eloise Hall, J. J. Edwards, Mrs. J. E. Travis, Mrs. Stuart Merrill, Mr. Lower, Mr. and Mrs. Willard Gutches, Mrs. Duncan McDonald, Rev. S. H. Husted, Mrs. Mercy Constable, Miss Hall, T. E. Edwards, Miss Husted, Mr. and Mrs. Julius Josephs, J. S. Burroughs, Leslie

MISS FRANCES CALDWELL Who Will Be a Bride of This Evening.

MISS FLORENCE BUSH Whose Marriage Will Be an Evening Event.

Ziegler and Mr. and Mrs. Joseph Burroughs.

PRETTY HOME WEDDING.

A pretty home wedding of this evening will be that of Miss Lucy Isabelle Ainsworth, daughter of Mr. and Mrs. J. Ainsworth and William Cross. The ceremony will take place at the home of the bride's parents in East Oakland at 6 o'clock, when Rev. O. E. Hawkinson of the Centennial Presbyterian Church will read the service. Miss Ainsworth will wear a beautiful gown of white brocade, grenadine over white silk and will carry a shower bouquet of bride roses. She will be attended by her sister, Miss Dorothy Ainsworth, who will wear becoming gown of blue mosseline and carry a shower bouquet of maidenhair fern.

The bridegroom will be assisted by his brother, James Cross, who will serve as best man. About sixty relatives and friends will be present to witness the beautiful ceremony. A supper will follow the wedding service after which the young couple will leave for their wedding tour and upon their return will occupy a pretty home which has been prepared for their occupancy.

BRIDGE CLUB MEETS.

Mrs. H. M. Wright entertained the members of one of the bridge clubs at the Claremont Country Club this afternoon. This was the first meeting of the season and an innovation was introduced in the manner of giving prizes. Two loving cups will constitute the prizes which will be given at the close of the season to the two members holding the largest score for the winter. After the afternoon's play a dainty supper was served.

The following ladies constitute the membership of this club: Mrs. William Colby, Mrs. C. Weidler, Miss Katherine Englehardt, Mrs. D. Skinner, Mrs. Fred Whitton, Mrs. Hearn, Miss Sutton, Miss M. Sutton, Mrs. F. Benicke, Mrs. Louis Moseley, Mrs. Fred Wolfe, Mrs. C. A. Hobson, Mrs. Stone, Mrs. Stuart Merrill, Mr. Lower, Mr. and Mrs. Willard Gutches, Mrs. Duncan McDonald, Rev. S. H. Husted, Mrs. Mercy Constable, Miss Hall, T. E. Edwards, Miss Husted, Mr. and Mrs. Julius Josephs, J. S. Burroughs, Leslie

the Home Club, which will consist of a reading by Mrs. Katherine Oliver McCoy, entitled "The Confessions of a Literary Pilgrim." The board of directors of the Home Club feel that the members and friends of the club will have a rare treat in hearing this gifted woman, with her fine Scotch dialect, read from the famous Scottish manuscript of letters with whom it has been her privilege to meet personally.

Mrs. McCoy is a reader of international reputation and possesses that rare faculty of making her audience feel that they have seen the faces, listened to the voices and grasped the hands of the characters she portrays. Club members will be admitted free; a small fee will be asked from others.

WEDDING AT HIGH NOON.

The wedding of Miss Gladys Ackerman and Winfield Hale was solemnized today at high noon, the Rev. John Howard Lathrop officiating. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. J. D. Ackerman on Myrtle street.

The drawing room was decorated with pink for the prevailing color and in the dining room all the appointments were of white. The bride wore a handsome tailored gown and was unattended.

After the ceremony, a wedding breakfast was served. Mr. and Mrs. Hale left immediately for a honeymoon trip, which will include a tour of the south, from there going to their future home, which will be in Los Angeles.

WILL WED PHYSICIAN.

Miss Frances Caldwell will become the bride of Dr. Payette W. Birch this evening. The ceremony will take place in St. Luke's Church, San Francisco, the Rev. Father Edward Morgan officiating.

Pink and green are the colors chosen for the decorative scheme. Miss Bessie Caldwell will attend her sister as maid of honor. The bridesmaids will be Miss Genevieve Pratt of Oakland and Mrs. Laura Caldwell Rogers of Menlo Park. Dr. Birch is a resident physician of St. Luke's hospital. The bridegroom is a cousin of Dr. A. H. Pratt of this

city, with whose family she has made her home. She has been actively associated with the Oakland school department, and is a girl accomplished and attractive.

HOME WEDDING.

The wedding of Miss Florence Bush, daughter of Mrs. Valentine Bush, and Charles Harvey Bentley, will be solemnized this evening at the Bush home in Fruitvale. Rev. J. K. McLennan, a life long friend of the family, will be the officiating clergyman.

Owing to the recent bereavement in the family, the service will be read in the presence of the immediate relatives only. During the last month the members of the family have gathered at the family home and the marriage of the youngest daughter will take place with all of her brothers and sisters present.

Mr. Bentley and his bride will make their home on Pacific avenue, San Francisco.

ENTERTAINMENTS PLANNED.

Mrs. George H. Richardson and Miss Julia Richardson will leave Saturday afternoon, October 10, for their home in Texas. During their Oakland visit they have been the inspiration for much entertaining. The days previous to their departure are filled with pleasant affairs, with which their many friends have planned in their honor. Tomorrow, Mrs. Wickham Evans will entertain sixteen at luncheon, Mrs. Richardson and her young relative being the guests of honor; on Monday, October 5, Mrs. George Hamner has issued cards for an informal afternoon of bridge. Others who have arranged afternoons for the visitors are Mrs. Churchill Taylor, who will give a luncheon on Wednesday, October 7 and an elaborate card party for October 8, when Miss Henry Rosenfeld will be the gracious hostess.

BIRTHDAY PARTY.

Miss Josephine Burke entertained a number of friends at a delightful birthday party given in her honor at her Alameda home on last Sunday evening.

Music and games were indulged in during the evening, after which a delightful repast was served.

Those present were the Misses Agnes Traynor, Frances Phillips, Eleonore Lambert, Ethel Greene, Josephine Burke, Emilie Traynor, Bertha Petersen, Maud Farrell; Mesdames Burke, Phenixburg Greene and Messrs. Bert Evans, Louis Burke, Arthur Pickthal, Charles Graden, Albert Greene, Willie Jordan, Hooper, Phenixburg and Greene.

CARD PARTY.

Miss Gladys Peterson entertained a few members of the younger set very informally at a little card party Saturday evening at her home on Thirteenth street. Among her guests were Miss Marcellene Norton, Miss Muriel Fleischer, Miss Lorene MacIntyre, Mrs. M. L. Bon, Mrs. Samuel Tevis, Dr. John Fearn, C. H. Bush, Mrs. and Mrs. Wooley, Mrs. May Frankforter, Mr. and Mrs. J. C. Fossing, Miss Hazel Fossing, Mr. and Mrs. J. W. Bruce, Mrs. H. M. Moffett, Captain and Mrs. W. T. Lewis, E. F. Shore, Mrs. K. M. Derby.

From Berkeley, Fred Clark, Frank M. Wilson, Mr. and Mrs. John W. McRuhan, Miss Marie A. Stone.

AT MONT ROUGE.

Mrs. M. L. Bon entertained a week-end party at Mont Rouge, her summer home in Livermore. Her hospitality was enjoyed by Mr. and Mrs. Oscar Faunier, Miss Dempsey, Mrs. Chiche, Miss Elena Sherzer, Miss Helen Bon, Miss Mollie Merrick, Miss Claire Bon, Miss Catheryn Zeckfuss, Mrs. Frederick Mathiesen, Thomas Curran, Eugene Philippe and Ray W. Merrick.

An auto tour of the valley was enjoyed by the guests Sunday afternoon.

LEAVE FOR EUROPEAN TRIP.

Dr. and Mrs. Samuel Tevis are leaving today for a European tour, which will include a sojourn of several weeks on the Mediterranean. The doctor and his wife expected to remain away for several months visiting all the prominent ports on this beautiful sea.

U. S. INSPECTORS TO GET GENERAL SHAKING-UP

Territory Under Jurisdiction of Hart North to Be Divided in Two.

LOS ANGELES, Sept. 30.—Because of the large number of Chinese who have succeeded in finding the victims of immigration inspectors and crossing the border in the Southwest, there is to be a general shakeup in the department, according to a dispatch from Washington received here last night.

The headquarters officials have become greatly exercised over the apparent inability of the present officials to capture such smugglers and prevent the operation of the "underground railway" across the Mexican border. Though a number of men alleged to have been connected with the contraband trade have been arrested in Los Angeles, their apprehension was due solely to the efforts of a special agent from Washington, it is asserted.

NEW DISTRICT.

The immigration bureau, with the approval of the Secretary of Commerce and Labor, has decided to divide the territory now under the jurisdiction of Hart North, of San Francisco, placing the southern portion under a new commission. Telegraphic orders to this effect will be issued today, it is stated. Assistant Secretary Wheeler is on his way west to make a personal investigation. It is believed Los Angeles will be the headquarters of the new district.

WANT SPIRITUALISM REGULATED BY LAW

LOS ANGELES, Sept. 30.—Spiritualists of this city, in delegations to the Police Commission meeting yesterday afternoon to ask the board to recommend to the Council an ordinance regulating the practice of spiritualism, and similar to the ordinances which have recently been passed in Chicago and Portland, Oregon.

The ordinance, a draft of which was presented to the board, prohibits advertising to tell fortunes, reveal the future, restore lost or stolen property, locate miners or oil wells, restore affectionate relations, find lost relatives, give advice in business means of spiritualism.

The ordinance, a draft of which was presented to the board, prohibits advertising to tell fortunes, reveal the future, restore lost or stolen property, locate miners or oil wells, restore affectionate relations, find lost relatives, give advice in business means of spiritualism.

GOVERNMENT WINS SUIT TO FIX RAILWAY RATES

COUNSEL QUESTIONS KNOWLEDGE OF WITNESS FOR DEFENDANTS IN CITY'S CONDEMNATION SUIT

City Attorney McElroy Tells Court He Doubts Ability of Engineer to Testify Regarding Boundary.

"I want to show that this gentleman does not know anything that he is talking about."

These were the words used by City Attorney McElroy this evening in the presence of Judge Morris and the jury in the trial of the condemnation case of the city against Edson F. Adams, John Charles Adams et al. for property for park purposes at Twelfth and Fallon streets and were directed against Ross, doing in the civil engineer, who was under cross-examination.

Morgan was a witness for the defendants and had been placed on the stand for the purpose of sustaining the contention of the defendants that it was impossible to find what is known as the V and D Peralta Rancho line, which the city alleges to be the eastern line of the Adams property which is sought to be condemned.

DEFENDANTS' CLAIM

The defendants assert that that line being unknown and unknowable there is no possibility of ascertaining the extent of the property to be condemned. Morgan testified in chief that it was impossible to find the line in question.

The witness repeatedly disregarded direct answers and volunteered opinions.

Repeatedly the court of his own motion ordered him to answer his questions to be taken out and might have to have patience and by directing the witness simply to answer questions in pounds to him.

GOES BEHIND STATEMENT.

"I want to know if Mr. McElroy with some impulse comes in here and tells me what I want to do in attempting to find this line. He might have gone down to the twelfth street line and said to himself, 'I'll go down there and search for it in that way.'

"What is the point?" asked Judge Morris.

WOULD TEST KNOWLEDGE.

"It is the point," replied McElroy.

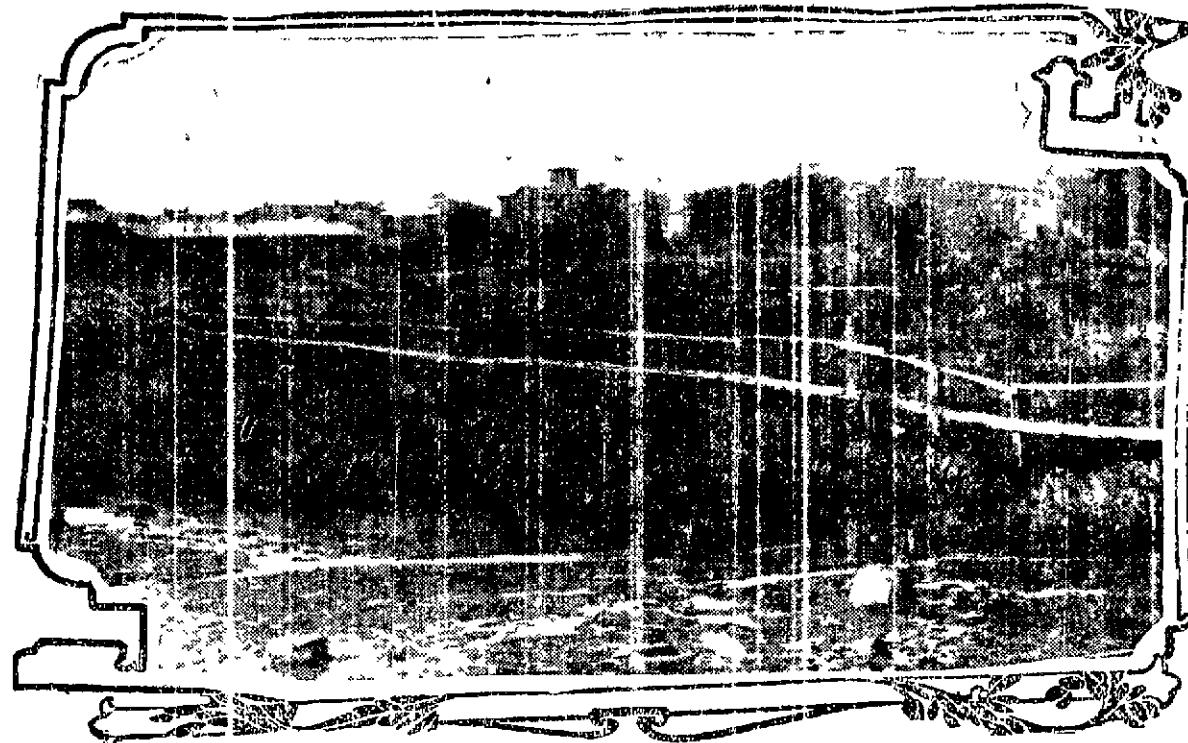

In this case it is admissible to present the third unsworn answer as filed in the cause when the defendants were asked to say that the east line of the V and D Peralta Rancho line, which is the same boundary mentioned by the city in its complaint.

Even in mentioning the Peralta line, the defendants failed to believe that the line had no existence and also that it could not be found.

This hearing in court is similar to one that took place in the trial of the third unsworn answer as filed in the cause when the defendants were asked to say that the east line of the V and D Peralta Rancho line, which is the same boundary mentioned by the city in its complaint.

Morgan told of several things he did but in a manner which shod little light upon the subject. All the questions of McElroy relating to its claim what it work-

The Fence on the Adams' Marsh Property That Is Ignored in Condemnation Suit

A part of the contention of Edson F. Adams and John Charles Adams in opposing the condemnation of their land at Twelfth and Fallon streets for park purposes is that they are unable to state what are the boundaries of the land in dispute.

This contention was maintained until the third unsworn answer as filed in the cause when the defendants were asked to say that the east line of the V and D Peralta Rancho line, which is the same boundary mentioned by the city in its complaint.

McElroy objected to this evidence as being irrelevant and asked the court to sustain his objection.

"I want to know if the man does not know anything he is talking about,"

"It is the point," asked McElroy.

McElroy told of several things he did but in a manner which shod little light upon the subject. All the questions of McElroy relating to its claim what it work-

Morgan had done in making his examination were objected to by McElroy but all the objections were overruled.

Immediately before the close of yesterday's proceedings in the condemnation suit L. C. Prather, who was formerly county surveyor, admitted that the late Civil Engineer Benjamin, formerly the engineer of Oakland and established where he called the Peralta line. The witness also admitted that he had used that line in giving distances to people for whom he worked.

USED THE PERALTA LINE.

"I have adopted the V and D Peralta line," he said. "I did not ask City Attorney McElroy."

I said to people who asked me to run lines here is the Boundary line if you want it."

"And they were satisfied with the line?"

After securing this admission from Prather, McElroy made an attempt to obtain further information as to the line given the Boundary Peralta line to Edson F. Adams and John Charles Adams or my other two defendants. This we objected to. Mr. Prather said he desired to present such witness and was permitted to do so by the court but the defense was sustained. The purpose of this witness was to show that if one of the boundary Peralta line had been given by Prather to the defendants, it would show that the latter had adopted the line.

CHECKED BOARDMAN LINE.

"Did you yourself check the Boardman line to station 13 on the line of the V and D Peralta Ranch?" asked McElroy.

"I don't think I checked it to station 13. I checked around there."

"Do you know whether or not Boardman had the stake 13 of the Peralta Ranch?"

"I do not."

"Did he lay a line purporting to be the line of the Vicente and Domingo Peralta Rancho between the 11th street line and Eighth street bridge, if you know?"

The court asked the purpose of the question. Sheer replied that it was the purpose to show this man by the witness that such a line had been established and this coupled with the fact of its having long been established would be binding upon the defendants.

The argument was raised this morning and, at its close, the court allowed the question to be answered and Prather admitted that he did not know.

"The court," asked McElroy, "know that Boardman ran a line along the Peralta line between Twelfth and Eighth street?"

"I do not."

"Are you interested in any of the lands described in the complaint?"

"No."

"Do you, directly or indirectly, own any of the property?"

"I do not."

RELATIVE OF THOMAS PRATHER.

"Are you a relative of Edson F. Adams or John Charles Adams?"

"No."

"Are you a relative of Thomas Prather, one of the defendants?"

"I am."

"What is the relationship?"

"I am the first cousin."

ADAMS REQUESTED TESTIMONY.

From the court with Mr. Adams about this suit?"

"Some."

"This identical matter?"

"This identical matter."

"At whose request have you appeared here as a witness?"

"Mr. Adams."

"Both of them have spoken to me."

"LINE NOT SEVEN MILLS AWAY."

Mr. Lynch then asked the court for the witness to say that the line of the V and D Peralta Rancho led up the creek to Lake Merritt and was entirely different from the line of the other or the San Antonio Ranch, which was known as the A and M Peralta Rancho in the eastern boundary of which was San Jose creek.

This answer was calculated to undo the effect created by statements heretofore made to the effect that the boundary line of Adams' property might be the San Leandro creek when in fact that line is a number of miles distant toward the east.

Prather was then excused.

Franklin Mott was then recalled. He was cross-examined by Mr. McElroy in a very severe manner. The witness being kept to the subject by the closest of counsel and the court. He was

stated they were confined to a discussion of purely technical subjects.

The gathering will adjourn Thursday evening.

KANSAS CITY, Sept. 30.—The Kansas Fruit Growers' Association whose delegates met here yesterday in their initial convention, continued a discussion of business methods today. Their sessions today as yesterday, were behind closed doors, but it was stated they were confined to a discussion of purely technical subjects.

The gathering will adjourn Thursday evening.

U. S. COURT DECIDES AGAINST SOUTHERN PACIFIC

Establishes Right of the Commission to Fix Freight Rates

SAN FRANCISCO, Sept. 30.—[At] not a single representative of the Southern Pacific Company had put in an appearance at the time and court had adjourned when the attorneys reached the Federal building.

PROTEST FILED.

The action decided today was instituted by the Southern Pacific railway and the Oregon and California railway after the announcement of an increase in the rates on rough lumber from the Willamette river valley in Oregon, to San Francisco and other bay points. The railroads announced that the rate, which was \$3.10 per thousand feet, was to be increased to \$5.00. A protest was filed with the Interstate Commerce Commission by the Associated Lumber dealers of the northwest and the commission, after investigation, decided that \$3.40 per thousand feet was a reasonable rate. The decision took the form of a suit for injunction to set aside the order of the commission.

CALLED UNCONSTITUTIONAL.

In their arguments upon the injunction, which consumed two days, the attorneys for the Southern Pacific, W. W. Cotton, T. F. Dunn and F. C. Dillard, charged that the Hepburn rate law was unconstitutional as being a delegation of legislative, executive and judicial power to the commission, which should be authorized to fix rates for the future.

It was maintained that upon the existing facts the rate fixed by the commission was unjust and unreasonable, and charged that the court should review the finding of the commission and determine upon the facts presented, whether or not such was the case.

The denunciator prepared by Luther M. Walter, solicitor for the commission, Joseph N. Teal, special counsel and United States District Attorney Dwyer, held that the commission could regulate commerce; that a court could not interfere and set aside a rate fixed by the commission unless it was charged and proven that the rate fixed by the commission was arrived at through fraud, mistake, error of law, or otherwise. In this contention the attorneys for the government set before the judges the matter of court review, a subject of extended controversy during the congress which amended the rate bill.

BRIEF REPORT.

The decision was given upon the opening of court Judge Gilmore, with Judges Ross and Morris, occupied the bench merely stating that the court would not grant the relief sought but that the denunciator could proceed in the first instance to file a complaint in the first instance to jurisdiction to such circumstances.

Upon the opening of court, Judge Gilmore, with Judges Ross and Morris, occupied the bench merely stating that the court would not grant the relief sought but that the denunciator could proceed in the first instance to file a complaint in the first instance to jurisdiction to such circumstances.

The cause of the trouble varies in individuals. If the race went barefooted, the foot would be broken, for in nature causes the foot to maintain the health. The French, however, which wear the heel toward the middle of the sole and acts as a support, give to the natives of France good carriage, which is observed even in the horseless carriage. They do not have broken arches.

"Davy old shoes, especially if they are badly made originally, and lounging slippers are largely responsible for flat feet, for when they are worn the ligaments and muscles relax and cannot hardly be called up again. Dr. Virgil P. well-known orthopedic surgeon, says, 'For an epidemic of flat feet, for when they are worn the ligaments and muscles relax and become weakened.'

EXCAVATION TRIAL OF BROKERS BEGUN

OCEAN SHORE BOND CASE ON IN COURT

Work of Empanelling Jury for Embezzlement Trial Is Started and Four Men Are Promptly Sworn.

SAN FRANCISCO, Sept. 30.—

THE TRIAL OF JOHN LYNCH WHO, TOGETHER WITH JAMES RANKIN, IS ACCUSED OF THE MISAPPOINTMENT OF \$10,000 IN OCEAN SHORE BONDS, RECEIVED BY HIM IN CONNECTION WITH A LOAN TO THE OCEAN SHORE, A TOTAL OF \$10,000, WAS BEGUN BEFORE SUPERIOR JUDGE CARROLL COOK, THIS MORNING.

ATTORNEY HIRAM JOHNSON, REPRESENTING THE RAILROAD COMPANY APPEARED AS SPECIAL COUNSEL AND SET BESIDE ASSISTANT DISTRICT ATTORNEY JAMES HANNAH. THE DEFENDANTS WERE REPRESENTED BY ATTORNEYS JAMES DREW AND T. G. WEST.

THE WORK OF IMPANELING A JURY WAS BEGUN, AND PROCEEDED WITH GREAT SWIFTNESS.

STRANGELY ENOUGH, THE JURORS CHOOSEN TO TRY THE CASE, WHICH HAD BEEN SO CLOSELY ATTACKED, BUT TO THE ROOMY, EASY OLD COMFORTABLE SLIPPERS AND THE RUBBISH-SOLED "SNEAKERS" OF THE INDIA TRADE, WERE FOUND IN THE BED OF SWAMPY, OVERGROWING WHEAT AROUND THE NECK OF THE INDIAN, WHO ALSO FOUND A STONE OF ABALONE SHELL, EACH POLISHED BY A SMALL HOLE AND INDICATING THAT THEY HAD BEEN STRUNG ON A THONG. WHILE ALL THIS, HE ADMIRED THE AMOUNT OF WEALTH INTENDED WITH THEM, THE ABSENCE OF ANY INSTRUMENTS OF WAR SUGGESTED THE PEACEFUL OCCUPATION OF THE INDIAN.

THE SKULL ALSO INDICATED THAT THE MAN HAD MORE THAN THE USUAL AMOUNT OF INTELLIGENCE, BEING MUCH BIGGER IN THE FOREHEAD THAN IS CHARACTERISTIC OF THE TRIBE.

WARS AXES ARE FOUND.

IN ALL, ABOUT TWENTY WAR AXES HAVE BEEN EXCAVATED WITH THE BODIES AS THE INDIANS ALWAYS HURLED THE AXES WITH THE MACE, WHICH THEY DID NOT PICK UP WHEN CALLED BY THE GREAT FATHER. BUT ONE TOMAHAWK WAS FOUND WITH THE AXE. ALL THE BODIES ARE FADED WITH AGE, BUT THE SKIN IS STILL FRESH, THE HAIR RESTING ON THE RIGHT SIDE, WITH THE FACES ALL POINTING TO A TREE TO THE WEST OF THE MOUND, WHICH WAS ONCE A REUNION PLACE FOR THE TRIBES.

GET NAMES IN HALL OF FAME BY BUYING BRICKS IN FIREPLACE

ALAMEDA, Sept. 30.—An auction sale was held in the new home of the city Monday night, in which the protruding bricks in the fireplace were placed on sale, \$100 was quickly realized, and the expense of building the alcove has been defrayed. Two large blocks, which are upon end, which will be placed on an inscribed silver plate, Henry Martin and Joseph Williams, who paid ten dollars in addition to becoming the owners of the bricks, will be inscribed upon the front of the new building, of which the corner stone will be laid January 1. The other blocks were sold for \$5 each.

FRUIT GROWERS ARE STILL IN CONVENTION

KANSAS CITY, Sept. 30.—The Kansas Fruit Growers' Association whose delegates met here yesterday in their initial convention, continued a discussion of business methods today. Their sessions today as yesterday, were behind closed doors, but it was stated they were confined to a discussion of purely technical subjects.

OPEN YOUR SAVINGS ACCOUNT TOMORROW SO THAT YOU'LL GET YOUR DIVIDEND IN JANUARY

WEDNESDAY EVENING, SEPTEMBER 30, 1908.

If you are figuring on starting a savings account between now and January first, deposit all you can and on January first you can get your interest in cash, for every cent you have deposited during these three months.

—For the past year we have paid four per cent.

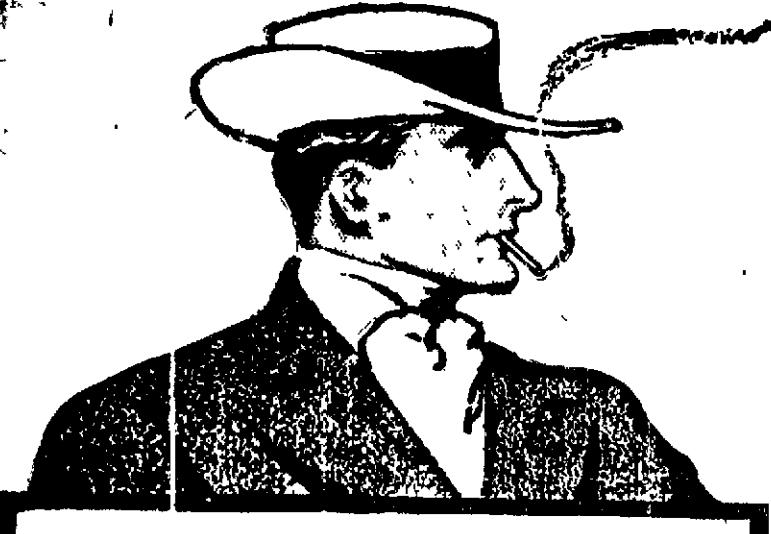

—When you once get the saving habit you'll take a pride in your account and will enjoy building it up.—Only, the start is hard.

—So make up your mind that you'll at least make the start tomorrow for you know you'll never have much if you spend all you get.—There are going to be some wonderful money making opportunities in Alameda County during the next ten years and a man or woman with a few hundred dollars will have chances to make a fortune.

—There's nothing so independent as a man or woman with money in the bank.

CENTRAL BANK Paid-up Capital and Surplus, over \$1,000,000

14TH AND BROADWAY, OAKLAND Commercial, Savings and Checking Accounts—Safe Deposit

You can't keep the fame of a good man locked within the confines of his own town. This has been amply demonstrated.

Same way with Imperiales Cigarettes. They started as practically a local Western product. They became general Western favorites. Now

IMPERIALES CIGARETTES

have grown so big in fame and favor that their sales are steadily advancing all over America.

The men of the West alone smoked over 125,000,000 Imperiales in 1907. Its the absolute merit of Imperiales Cigarettes alone which has built up this tremendous sale.

Imperiales are rolled in thin, pure mus paper—crimped, not pasted—and have individual mouthpieces to cool the smoke.

Smoke them all day long if you want to —no after effects.

HANLON AND MORAN TO BATTLE TONIGHT

EDDIE SMITH WILL REFEREE BIG FIGHT AT COLISEUM

BRITISHER IS A STRONG FAVORITE OVER THE NATIVE SON IN BETTING ON EVENT

MORAN IS STRONG CHOICE OVER CUTE EDDIE HANLON

Briton Is Almost a Prohibitive Favorite Over Californian, but Local Man Is Not Worrying.

BY EDDIE SMITH.

SAMUEL BERGER this evening makes his September offering that represent forty-one rounds of boxing. The forty-one rounds may be cut down considerably however, when the men get to hammering one another, for in the makeup of the card there are several hard hitters.

The big event of the evening, the contest between Eddie Hanlon and Owen Moran, is looked upon as being one of the best matches that has been offered the local fans for a long time. The contest is not being looked upon as a match in which any new tricks or wonderful cleverness will be displayed, but as one in which the men will be at their work from the very tap of the bell and one in which the winner will have to outlast the loser in a battle of hard wallop.

When the betting men get to wagering 2 to 1 on a contest, as they are on the Hanlon-Moran contest, with the Britisher the favorite, it means that the men of knowledge of fighters expect that the contest will be an easy one for the favorite to win.

MORAN WILL HAVE TO GO SOME

The battle of tonight, although a 2 to 1 proposition, is entirely different however, the letters not figuring that Moran will have an easy time in winning but are free to announce that in their opinion he will have to be in the very pink of condition and also fight the best fight that he has put up in San Francisco.

It is figured that Hanlon will take the Englishman along at a very merry pace and that he will be the receiver of considerable punishment but to expect this they point to what they claim great strength and endurance and condition, let alone little the better of the science of the game as proof that his condition and ability will tell in the long run and that Hanlon will be forced to slow down and be beaten if not knocked out.

That the contest will be a long one also seems probable, for neither of the men expects to win in short order and neither has shown any punching power that would warrant any idea of this or that one putting the other away with one punch.

"COME BACK" QUESTION.

The question of whether or not a retired fighter, even though he be a young man such as Eddie Hanlon, after two years' retirement is able to come back and be as good as he was in the former days of his triumphs is the chief factor in the figuring of tonight's battle.

Evidently the fans believe that Hanlon will blow up after the contest has gone ten or twelve rounds or they would not insist all Moran the strong favorite that they have. In the days of Hanlon's success I am of the opinion that he would have a Nelson-McFarland match to stage before the year was out and it is in all probability that Britt has gone to hold a conference with the Battler at Chicago regarding the match. A story was rumored about San Francisco to the effect that Britt and Britt were quits but this is hardly true, as Nelson is very fond of Britt and also owes much to him for the championship he now holds.

Britt secured for him the chance over a long distance and also forced matters to a head when it looked as if the contest would not come off. If Britt can get the Battler to fight the contest will probably be staged on New Year's Day.

in life with the one hope of getting back to condition

SYMPATHY FOR HANLON

Eddie will have the sympathy of the crowd in the contest of tonight for if ever a fighter was popular that fighter is Eddie Hanlon. His great popularity will not help him to win the contest though, and although he may have the entire house rooting for him it will be necessary for him to take the Englishman along at a very merry pace.

Man has trained hard and faithfully for the contest and Trainer Jack Grace announces that the fans can expect to see the fighting Britisher in the best shape that he has displayed since coming to San Francisco.

The contest between Sam Nelson and Kid Harrison, a fifteen-round affair that is to precede the main event is looked upon as being the best preliminary offering that has been given the public for a long time. In fact it would serve to act as a main event in some sections of the country. The warmer of six rounds will be fought out between Jim Kenkel and Jim Berry.

BRITT GONE TO CHICAGO.

Word has come to the writer that Will Britt has packed his little package of necessities and hiked off to Chicago. Britt, it is claimed, tried to steal out of town without any one knowing of his whereabouts but last night it leaked out that he had made a quiet get away.

Jimmy Coffroth last night made the announcement that in all probability he would have a Nelson-McFarland match to stage before the year was out and it is in all probability that Britt has gone to hold a conference with the Battler at Chicago regarding the match. A story was rumored about San Francisco to the effect that Britt and Britt were quits but this is hardly true, as Nelson is very fond of Britt and also owes much to him for the championship he now holds.

Britt secured for him the chance over a long distance and also forced matters to a head when it looked as if the contest would not come off. If Britt can get the Battler to fight the contest will probably be staged on New Year's Day.

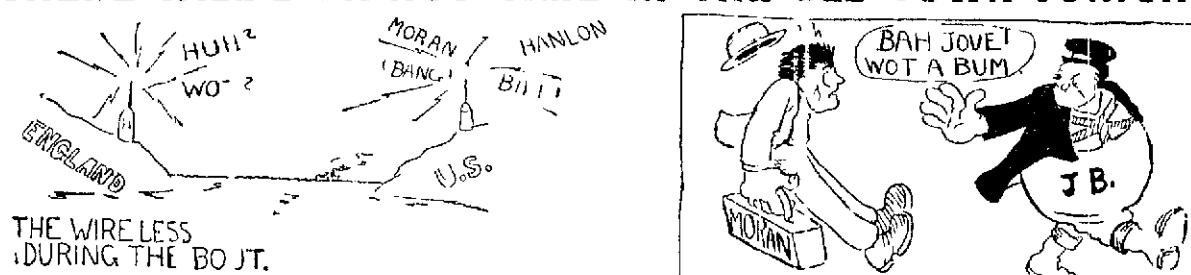

INJURIES TO BRESNAHAN AND DONLON SERIOUS HANDICAP TO GIANTS IN RACE

NEW YORK, Sept. 30.—In regard to the injuries to Bresnan and Donlon and the consequent crippling of the New York team, John J. McGraw, the New York manager, says:

"It is certain too bad that the team should be in such a streak of bad luck at this critical stage of the race. Both men are invaluable, not only on account of their hard batting, but because the loss of each breaks up the organization of both the infield and the outfield."

McGRAW HAS HOPE.

**Is Awarded
Stockton Team**

**Hayes Wins From
Washington Fighter**

PHILADELPHIA, Sept. 30.—Grover Hayes of Chicago had much the better of his go with Kip Sullivan of Washington before the Douglas Athletic Club here last night. The contest was a good one and bitterly fought although Hayes seemed to have a margin in each round. Hayes was far too fast and clever for the Washington boy, but the latter was aggressive and game, and he kept after Hayes.

Hayes used a left hand jab to good effect, and had his hands down from Sullivan's nose in every round. In the second round Hayes sent Sullivan to the floor with a rap on the jaw. Sullivan's best round was the fifth when he landed repeatedly on Hayes' body and face.

**President Williams
Visits Aqueduct**

NEW YORK, Sept. 30.—President Thomas M. Williams of the Pacific Stock Exchange was a visitor to an Eastern track yesterday for the first time this year. He went down to Aqueduct with Jack Hollinshead. Mr. Williams had intended to send his lightweight jockey, Gilbert, home yesterday, but he concluded to let him remain until after the Belmont Park meeting.

**Candidates for Aquatic
Sports to Be Tried Out**

BERKELEY, Sept. 30.—The candidates for the swimming club of the University of California will be given a tryout at the Olympic Club next Sunday morning. Men will be entered in the 33 1/3 yards, 100 yards, eighth and quarter miles and in the half mile. Women will be entered by Manresa. Flannery is to compete with the Oakland High School team. A series of interclass races are also being planned.

**Stanford Babies to Play
Palo Alto Rugby Players**

STANFORD UNIVERSITY, Sept. 30.—The Stanford freshmen will meet the Palo Alto High School Rugby players

the second time this season this afternoon on Stanford field. In the first

the "pals" were victorious.

With the aid of a couple of weeks practice they should be able to better this score.

We Cure Sex Weakness

IT is an undoubtful fact that seven out of ten of the cases of "weakness" comes from some neglected or badly treated case of gonorrhoea. Unless

THE BEST TREATMENT is given as soon as the trouble is discovered that

chronic condition known as gleet is certain to ensue. This means waste followed by LOSS OF NOOD, and then none of the great vital functions are

over quite satisfactorily performed.

Varicocele Is Dangerous

WE offer PROMPT and PERMANENT cure to every man who suffers from

those functional disor-

ders, INFLAMMATION OR CONGESTION

OF THE SEXUAL ORGAN, OR OF THE PRACTICE OF EXACULATION, night or day losses, IMPOTENCY, etc., etc., etc.

AT some vital point of the SEXUAL system a state of chronic tender-

ness, INFLAMMATION or congestion OUR first step is a thorough examination

to ascertain the exact location and nature of the disorder, attended by a

thorough CURE, followed by LOCAL treatment, we RESTORE the af-

fected part to ITS normal condition, which promptly results in a full and

COMPLETE return of SEXUAL POWER.

WE CURE NERVOUS DEBILITY, LOST VIGOR, WASTING ORGANS,

WE DRAINS, FALLING HAIR, PIMPLES, SPOTS, AND ALL diseases of

THE SKIN, APPENDIX, COLON, STOMACH, ETC., ETC., ETC.

WE CURE CHRONIC DISEASES IN SEVEN DAYS.

WE CURE "WAISTNESS," NERVOUS DEBILITY, LOST VIGOR, WAST-

ING ORGANS, DRAINS, FALLING HAIR, PIMPLES, SPOTS, AND ALL

diseases of the skin bladder and kidneys. Our home treatment is perfectly

efficacious. Appointments made by mail.

Medicines FREE in all cases.

UNITED STATES MEDICAL DISPENSARY

4914 Broadway, cor. 11th St., over Security Bank, Oakland, Cal.

CONSULTATION FREE AT OFFICE OR BY LETTER.

Hours, 10 a. m. to 5 p. m. Sundays, 10 a. m. to 1 p. m. only.

WE CURE CATARRH AND CANCER, GALL STONES AND TUMORS.

Our staff of Physicians and Surgeons are excelled by none and equalled by few.

WE MASTER BLOOD POISON "SYPHILIS" IN ONE MONTH.

Varicocele Cured in One Visit.

IMPORTANT DEAL IN PROPERTY RECORDED.

Smith today deeded to the Leona Chemical Company forty acres of land in the vicinity of Bay at and the Pacific tracks in Niles. Land Company of Marin holds a number of mining claims. M. Smith and Smith transferred to the Leona Chemical Company. The Pacific Cordage Company contracted to sell to F. M. Smith seven acres of land near High st. in Melrose. Smith transferred this agreement to the Leona Chemical Company. Jeanette R. Simpson made an agreement to sell ten acres of land near High street in Melrose to F. M. Smith. Smith signed this agreement to the Leona Chemical Company.

The Oakland Chemical Company deeded to the Leona Chemical Company 2000 acres of land in the foothills between Alameda and San Leandro both in Alameda and Contra Costa counties. All those conveyances were placed on record in the Probate office this afternoon. A nominal consideration of \$1 only is given in each conveyance.

The meaning of the transfers is the formation of the Leona Chemical Company and its assumption of the business of the Oakland Chemical Company which has been developed to large proportions.

LIGHT SENTENCE GIVEN BIGAMIST

The very lightest sentence that could be imposed was given yesterday afternoon to Robert W. Griffin by Judge Waste when Griffin pleaded guilty to a charge of bigamy. He admitted that he had married Martha Staub a poor German girl having another wife but he pleaded that he had done so unwillingly, believing that he was legally divorced from his first wife.

Mrs. Staub caused Griffin's arrest but she relented when it came to his trial and wanted to have him set free. Griffin has become almost totally blind. Mrs. Staub told Assistant District Attorney Hynes that she did not want to testify against him as she felt that he was innocent of criminal intent. Judge Waste sentenced Griffin to one year San Quentin.

Youth's Tardiness Saves Whole Family

VALLIJO Sept. 30.—Jack Chambers, the youngest son of a wealthy merchant of this city, arrived home late for dinner yesterday and by some lucky chance not only his life but that of the entire family had partaken of supper dinner that poisoned the five members of the family at the upper table and when the youngest lad arrived he found them in bed unconscious, suffering terribly and unable to assist themselves.

He hurried for Dr. Robert Denney who worked all night in an effort to save the lives of the stricken ones. It is expected that all will recover.

BATTLES WITH BUCK; IS NEARLY KILLED

LAGUNA Sept. 30.—In a heroic attempt to save the life of his favorite deer found here yesterday Harry Hargrave, a well-known sportsman of Marin county, was trampled upon and almost drowned by a wounded buck fighting for its life in the Laguna creek.

Charmion, Orpheum Favorite, Is California Girl Who Rose to Fame in Single Night.

Charmion, who is called "the perfect woman," made the stage these days as a Salsorite dancer in London and smiles with glee with each journal of her accounts of Mud Allen's triumphs. She is accounted for by the fact that Mud Allen originally a California girl has created about the same sort of a sensation in London that Charmion who is also a California girl, will do in New York. As long ago Charmion also created the dancing craze with her own dance and best trained girls in exhibition at the Orpheum.

The crowds which pack the Orpheum, drawn there by the announcement regarding Charmion's triple performances know in a vague sort of a way that Charmion has been all around the world and famous in many countries, but all who have known the odd story of Charmion's rise are absolute strangers to the dazzling light that beats upon a great star divinity.

STRANGE STORY

It is rather a strange story. Over in San Francisco at this time is M. Billie Stoltz, manager of the David Warfield company, the man who first saw the possibilities in Charmion's trapore act and who took her to New York from California directing the moves she made which placed her in a night at the topmost pinnacle of theatrical success on Broadway. New York.

Stoltz was in California ten years ago and he is still there today, the place where little California girl was doing a trapore act preceding it with a surprising stunt which was rather startling and which suggested possibilities to Stoltz much greater than those involved in the performance then given by the little acrobat.

ROSE TO FAME

He talked to the girl outlined his scheme for dressing her in silk slacks and roses and then saying her do a trapore act attired in a woman's costume on a stage, a trapore act preceding it with a surprising stunt which was rather startling and which suggested possibilities to Stoltz much greater than those involved in the performance then given by the little acrobat.
